FORMULATION, ADOPTION, AMENDMENT OF POLICIES

Written proposals for new or revised policies or by-laws shall become policy only after appropriate study, deliberation and formal action on the part of the Board of Education. Action on policies and by-laws is to be recorded in the minutes of the school district.

New Policies or by-laws, or revisions thereto, are proposed by the Board's Policy Committee. New or amended policies are placed on the agenda of a regular or special meeting of the Board of Education a minimum of three times – for information, for discussion and for adoption. After a discussion, a new or amended policy may be modified or sent back to the Policy Committee for further review. Adoption of new or amended policies or by-laws requires a majority vote by the Board of Education at a regular or special meeting.

In the event that no other effective date is specified in the policy, the effective date of the new policy shall be the date of the affirmative vote.

Where new policies or revisions to existing policies occur through an established negotiation process, such proposals shall bear a footnote to that effect. Any time a negotiated policy is presented to the Board, a copy of the policy shall be transmitted to the recognized employee associations.

Consistent with law, the Board may waive sections of this policy when life, health or safety of pupils, employees or public require immediate action.

Adoption Date: October 3, 1989
